Dear Sir / Madam

In response to the series of announcements by Kobe Steel Ltd. of Japan, regarding falsification of data on their material certification, we have conducted a thorough review of our supply chain to investigate the use of any raw materials such as stainless-steel billets or rods from Kobe Steel Ltd.

Following the investigation, we can confirm to the best of our knowledge that our products have never used raw materials from Kobe Steel Ltd.

You can be assured of our strict quality and testing standards, we will continually work to maintain the high standards of quality assurance our customers expect.

If you need any more information, please feel free to contact us on 01536 461140 or sales@technifast.co.uk

Yours Faithfully
